

Patrick Smyth CV

EDUCATION

Ph.D. in English, Graduate Center of the City University of New York (CUNY), 2021
Faculty Award for Most Distinguished Dissertation of 2021

Double B.A. in English and German Literature, Kenyon College, Ohio
magna cum laude, 2009
Highest Honors in English (Honors thesis)

Certified Instructor, [Software Carpentry](#), 2017

Certificate, [Interactive Technology and Pedagogy \(ITP\)](#), 2016

POSITIONS

Principal Developer Relations Engineer
[Chainguard](#)
October 2025 — present

Staff Developer Relations Engineer
[Chainguard](#)
March 2024 — October 2025

- Influenced \$16.5m ARR through vehicles such as Learning Lab, the Assemble 2025 customer conference, and 1-1 work with customers.
- Presented at conferences including PyCon, RSAC, and SwampUP 2024, winning Best Speaker at SwampUP 2024. All accepted through organic community CFP processes, not sponsored.
- Worked flexibly to fill perceived gaps, including pinch-hitting as a PM on AI initiatives, jumping on customer calls to provide domain expertise, and leading technical development for a critical website.
- Developed extensive content in the form of videos, LinkedIn posts, course modules, deep dives, tutorials, and breakout sessions.

Chief Learner / Principal Consultant
[Iota School](#)
August 2021 — March 2025

- Received a development grant from Pandas / NumFOCUS to document, lead, and

record a five-workshop series on data science fundamentals and sonification with over 400 participants.

- Worked with a Jupyter core developer and research astronomers to improve web-based notebook exports at James Webb and MAST; presented on the project at JupyterCon 2023 in Paris.
- Replatformed the docs site and updated documentation for Sigstore as a Google Season of Docs technical writer.
- Created a series of tutorials on deploying neural networks for object recognition as demo materials for a data science platform under development at Enthought.

Postdoctoral Fellow in Humanities Entrepreneurship

[Publics Lab](#)

The Graduate Center, CUNY

August 2021 — August 2022

Research Software Engineer, [Foundations for Research Computing](#)

Columbia University

January 2019 — August 2021

- Managed a team of staff, faculty, and graduate student instructors to teach over 85 technical workshops for 3,000+ researchers.
- Developed new programming including a Curriculum Innovation Grant, intermediate intensives on NLP and ML in cooperation with Google Research, and a popular Python User Group.
- Worked with Columbia's Data Science Institute, X (formerly Google X), and the TensorFlow team to develop technical training.
- Led workshops on UNIX, scraping, data science fundamentals, visualization, accessing APIs, and ML with scikit-learn.

Advisor, [MA Program in Digital Humanities](#)

The Graduate Center, CUNY

September 2017 — December 2018

Lead Curriculum Designer, Digital Humanities Research Institute

[Institutes for Advanced Topics in the Digital Humanities](#), NEH grant

September 2017 — August 2018

[View Website](#)

[Enthought](#)
2023

Google Summer of Documentation Initiative
[SigStore](#)
2023 — 2024

Badging infrastructure Development Project
[Hikma Studio](#)
2023 — 2024

AWARDS AND GRANTS

Alumni and Doctoral Faculty Prize for the Most Distinguished Dissertation of the Year
Department of English, The Graduate Center, CUNY
2021

Donald and Mary Ellen Passantino Students with Disabilities Award
CUNY University Student Senate
2018

Milton F. Steinhardt Memorial Fellowship Award for Best Prospectus
Dissertation Year Prize, Graduate Center English Department
2018-2019

Public Humanities Fellowship
[Humanities New York](#)

Project: "Apps for Activists"
2018-2019

NYCDH Graduate Student Digital Project Award, "Futures Past Archive" ([Second place](#))
2016

Provost's Digital Innovation Grant, "Futures Past Archive"
2015-2016 and 2016-2017

Digital Writing Fellowship, Qwriting, Queens College
2016-2017

ARC Praxis Fellowship, Advanced Research Collaborative, CUNY Graduate Center
2014

Graduate Research Assistantship, David Greetham, CUNY Graduate Center
2012

Fulbright Fellowship, English Teaching Assistantship in Berlin, Germany
2009-2010

2016 - 2017

Developer, [DH Box](#), CUNY Graduate Center
2014 — 2018

Platform Redesign, [Writing Studies Tree](#), CUNY Graduate Center
2014 — 2015

Contributing Historian, [More Than a Mapp](#), CUNY Graduate Center
2013 – 2014

Website Redesign, [Association of Independent Information Professionals](#) (AIIP)
2013-2014

Dialogue and Scripting, AI Patient Platform, MATRIC Research
2012 – 2013

CLASSES TAUGHT

Software Design Lab, MA Program in Digital Humanities, The Graduate Center, Spring 2019

Literature and Place: Imagining Utopia, Queens College, Spring 2014

Intro Composition (Information Technology theme), Queens College, Spring 2014

Intro Composition (Evolutionary Science theme), Queens College x2, Fall 2013

WORKSHOPS TAUGHT

"Securing the AI/ML Supply Chain" course launch (Chainguard, July–August 2024)

"Pandas Sonification" five-workshop series, NumFOCUS small development grant (Iota School, January–March 2024, 400+ participants)

Getting Started with Python (Foundations for Research Computing, Columbia University, spring 2021)

"Pandas: The Bare Basics" (Columbia Python User Group, fall 2019)

"An Introduction to Static Sites with Jekyll" (Digital Humanities Research Institute, summer 2018)

"Twitterbots with the Twitter API" (Digital Humanities Research Institute, summer 2018)

"Python 201" (GC Digital Fellows, spring 2018)

"Open and Accessible: A Critical Distinction" (Teach @ CUNY Day, Summer 2017)

"Intro to Programming with Python" (GC Digital Research Institute, Fall 2016)

"Intro to HTML and CSS" (ITP Program, Fall 2016)

"Introduction to Web Frameworks with Flask" (GC Digital Research Institute, Summer 2016)

"Social Media Scraping with the Twitter API" (GC Digital Research Institute, Summer 2016)

"Introduction to the Command Line" (GC Digital Research Institute, Summer 2016)

"Collaboration and Writing Workflows with Git and GitHub" (GC Digital Fellows, Spring 2016)

"Social Media Scraping with the Twitter API" (NYC Digital Humanities Week, Spring 2016)

"Intro to Programming with Python" (NYC Digital Humanities Week, Spring 2016)

"Intro Python with DH Box" (ITP Program, Spring 2016)

"Responsive Design with Bootstrap" (ITP Program, Spring 2016)

"Intro to HTML and CSS" (ITP Program, Spring 2016)

"Automation and Scraping with the Twitter API" (GC Digital Research Bootcamp, Winter

2016)
"Intro to the Command Line" (GC Digital Fellows/CUNY GC Library, Fall 2015)
"Setting Up a Development Environment" (GC Digital Praxis Seminar, Fall 2015)
2x "Intro to Programming with Python" (CUNY Graduate Center Digital Fellows, Fall 2015)
"CSS and Bootstrap" (CUNY Graduate Center ITP Program, Fall 2015)
"Intro to Web Scraping with Python" (CUNY Graduate Center ITP Program, Spring 2015)
"Bootstrap Basics" (CUNY Graduate Center ITP Program, Spring 2015)
2x "Intro to Programming with Python," (CUNY Graduate Center Digital Fellows, Spring 2015)
"Getting Started with DH Box" (CUNY Graduate Center Digital Fellows, Fall 2014)
"Intro to Programming with Python," CUNY Graduate Center Digital Fellows, Fall 2014
2x "WordPress 2: Advanced Techniques," CUNY Graduate Center ITP Program, Fall 2014
"WordPress: Theming and Design," CUNY Graduate Center ITP Program, Spring 2013

TECHNICAL SKILLS

ML Infra: PyTorch, CUDA, NeMo, Pydantic AI, MCP
Agentic: Harness design, evals, multiagent flows
Ops: Docker, Unix, Git
Data Science: Jupyter, NLTK, NumPy/SciPy, spaCy, Pandas, scikit-learn
Web Frameworks: Flask, Django
CMS / Static Site Generators: Jekyll, Hugo, WordPress
Databases: MySQL, SQLite, PostgreSQL
